THE AUTHENTIC DIFFERENCE.

A passion for uncompromising performance and quality is the essence of the Authentic Difference, and it's forged into every part and accessory we make. As the official parts and accessories division of Chrysler Motors LLC, Mopar is original equipment. Which means that every Authentic Jeep® Accessory by Mopar in this catalogue is designed by a Chrysler Motors LLC Engineering Team – the people who know your Patriot better than anyone else.

Our product is a result of uncompromising standards. You'll recognize the difference in the tight tolerances required of original equipment accessories. You'll see it in our materials, which provide a superior finish and an exact vehicle colour match, as well as in the integrated fit that comes from utilizing the same computer modelling technology that was used to design your vehicle.

Our process is an adherence to stricter testing. You'll appreciate the difference in our rigorous evaluations, from demanding salt bath corrosion tests and impact performance tests to harsh on- and off-road durability testing. And you'll discover that all Authentic Jeep Accessories by Mopar are designed so they will not adversely affect your vehicle's original performance specifications, such as engine cooling and proper air bag deployment – a common problem with many aftermarket accessories.

Our promise is demonstrated in our Superior Warranty Coverage. 3-year/60,000-kilometre New Vehicle Limited Warranty, or a 12-month/Unlimited Metrage Basic Limited Warranty, whichever is more favourable to you.*

Whether you're looking to enhance your Jeep Patriot with premium protection, convenience, style or entertainment, choose the Authentic Difference. Just like our accessories, it's a statement – and a standard of excellence – you'll benefit from for years to come.
