JEEP® WRANGLER ACCESSORIES

AUTHENTIC JEEP® ACCESSORIES

CHOOSE YOUR OWN PATH.

As a Jeep Wrangler owner, your natural instinct is to steer clear of the painted lines. And that's just the environment Authentic Jeep Accessories thrive in. With accessories like a Warn® Winch that can help you out of a jam – as well as Off-Road Lights and Skid Plate to help keep you from getting in one – taking the path of least resistance is the last thing you'll want to do.

[A/C] Off-Road Bumpers. Heavy steel Front and Rear Bumpers feature compact dimensions for excellent ground clearance. The Front Bumper features an integrated winch mount, grille guard and fog light mounts and will not interfere with proper air bag operation. The Rear Bumper clears the tow hook and all our hitch receivers and is equipped with tow eyes. A Swing-Away Tire Carrier (fits up to 37-inch tires) is also available. **[B] Tow Hooks.** You can be a friend with major pull. Heavy-duty forged steel hooks include choice of Front Hooks that mount to your vehicle's frame or a single Rear Hook that mounts to production mounting holes. **[C] Skid Plate.** Designed to slide over obstacles, Black Skid Plate is constructed of heavy-duty steel to help protect the steering gear. The Skid Plate also allows an optional Tow Bar to be installed. **Warn Winches.**⁽¹⁾ Our extensive lineup features four winches with Hawse Fairleads. Each winch comes contained in a sealed, water-resistant die-cast body structure. **Windshield-Mounted Light Bracket and Mirror Relocation**

Bracket. When it's time for doors-off travel, our mirror kit allows you to retain your rear-view mirror. Bracket includes a mirror with a breakaway feature when the going gets tough. **Off-Road Lights.**⁽²⁾ Shed more light on any terrain. These heavy-duty off-road lights come in a set of two and include lens covers. **Fog Lights.**⁽²⁾ The choice is clear. Our bumper-mounted Fog Lights improve your visibility in inclement weather and are available for all bumper configurations. **17x8.5-Inch Beadlock Rock Monster Wheel.** This premium wheel uses beadlock technology to mechanically lock the tire bead on the rim, preventing tire bead separation when using very low tire pressures. It's also street legal and DOT compliant.

⁽¹⁾Heavy-duty battery, springs and shock absorbers recommended for winch installation. Off-Road Bumpers required. ⁽²⁾Check provincial and local regulations for installation and use.

On cover: Driving with doors off is for off-road use only.

THE AUTHENTIC DIFFERENCE.

A passion for uncompromising performance and quality is the essence of the Authentic Difference, and it's forged into every part and accessory we make. As the official parts and accessories division of Chrysler Motors LLC, Mopar is original equipment. Which means that every Authentic Jeep[®] Accessory by Mopar in this catalogue is designed by a Chrysler Engineering Team – the people who know your Wrangler better than anyone else.

Our product is a result of uncompromising standards. You'll recognize the difference in the tighter tolerances required of original equipment accessories. You'll see it in our materials, which provide a superior finish and an exact vehicle colour match, as well as in the integrated fit that comes from utilizing the same computer modelling technology that was used to design your vehicle.

Our process is an adherence to stricter testing. You'll appreciate the difference in our rigorous evaluations, from demanding salt bath corrosion tests and impact performance tests to harsh on- and off-road durability testing. And you'll discover that all Authentic Jeep Accessories by Mopar are designed so they will not adversely affect your vehicle's original performance specifications, such as engine cooling and proper air bag deployment – a common problem with many aftermarket accessories.

Our promise is demonstrated in our superior warranty coverage. 3-year/60,000-kilometre New Vehicle Limited Warranty, or a 12-month/Unlimited Metrage Basic Limited Warranty, whichever is more favourable to you.⁽¹⁾

Whether you're looking to enhance your Jeep Wrangler with premium protection, convenience, style or entertainment, choose the Authentic Difference. Just like our accessories, it's a statement – and a standard of excellence – you'll benefit from for years to come.
