CHOOSE YOUR OWN PATH.

As a Jeep® Wrangler owner, your natural instinct is to steer clear of the painted lines. And that's just the environment Authentic Jeep Accessories thrive in. With accessories like a Warn® Winch that can help you out of a jam – as well as Off-Road Lights and Skid Plate to help keep you from getting in one – taking the path of least resistance is the last thing you'll want to do.

1. OFF-ROAD BUMPERS.

Heavy steel Front and Rear Bumpers feature compact dimensions for excellent ground clearance. The Front Bumper features integrated Fog Lights to improve your visibility in inclement weather as well as a stylish Grille Guard. To cover all the bases, a Front Bumper with an integrated Winch Mount is also available. The Rear Bumper clears all our hitch receivers and is equipped with tow eyes. For added convenience, a Swing Away Tire Carrier that fits up to 37-inch tires is also available.

2. WARN WINCHES⁽¹⁾

Our extensive lineup features four winches with Hawse Fairleads. Each winch comes contained in a sealed, water-resistant die-cast body structure.

3. SKID PLATE.

Designed to slide over obstacles, the Black Skid Plate is constructed of heavy-duty steel to help protect the steering gear.

4. 17x8.5-INCH BEADLOCK ROCK MONSTER WHEEL.

This premium wheel uses beadlock technology to mechanically lock the tire bead on the rim, preventing tire bead separation when using very low tire pressures. It's also street legal.

5. WINDSHIELD-MOUNTED OFF-ROAD LIGHTS⁽²⁾

Shed more light on any terrain. These heavy-duty off-road lights come in a set of two and include lens covers and bracket. No drilling required.

6. TOW HOOKS.

You can be a friend with major pull. Heavy-duty forged steel hooks include choice of Front Hooks that mount to your vehicle's frame or a single Rear Hook that mounts to production mounting holes.

⁽¹⁾Heavy-duty battery, springs and shock absorbers recommended for winch installation. Off-Road Bumpers required. ⁽²⁾Check provincial and local regulations for installation and use.
