Touch Up Paints OE

ACDelco GM OE Touch-Up Paints keep your GM vehicle looking like new longer with a genuine acrylic lacquer formula **and easy-to-use** applicators. Perfect for quick repairs, ACDelco GM OE Touch-Up Paints are the go-to solution for scratches, chips, scrapes or any small to medium blemish.

GM FACTORY ORIGINAL COLOR

The Touch-Up **Paint Tube** includes a:

- Four-in-one applicator; consisting of a fiberglass cleaning and prep tool
- Piston style pen-tip for small, concise fixes
- Tapper tip brush applicator for larger scratches and chips
- The tube offers .25 ounce of the base color and .25 ounces of a clear coat for the perfect repair
- Easy-to-use tube fitted with a mechanical agitator to ensure color match

The Touch up **Paint Aerosol** Can is:

- A 5 ounce can of paint that is perfect for small to medium scrapes and scratches
- Comes in an easy-to-use 5 ounce can that ensures the application of an even coat of paint that doesn't drip or run.
- Restores body paint to a like new condition.

These paints are specially formulated in the factory original GM colors to help ensure an exact match to your vehicle.

Each tube or can of paint contains a GM factory original color matching code that will match the paint code listed on your vehicle

CHOOSING THE CORRECT COLOR

Choose the correct color for your vehicle. ACDelco Touch-up Paints are categorized by a "WA" four-digit code. A similar "WA" or "U" code can be found on your vehicle.   For location:

- Open the driver's side door and check the vehicles door jamb. There is typically a list of vehicle information, including the paint code.
- Check your owner's manual to identify the location of the paint code place card if not in the driver's side door jam.
- Write down your VIN number and call your dealer's service department.
- With that information, they will be able to provide your correct paint code.   Simply match your vehicle's paint code to the ACDelco Touch-up Paint code to locate the correct color match.
- If your vehicle's color code is a "U" four-digit number, then match those four digits to the correlating "WA" code to locate the ACDelco Touch-up Paint color match.
- Use the code and not color names to ensure an exact match.

Refer to the electronic parts catalog or www.acdelco.com for the most up-to-date applications and a complete list of parts.
